

Career Analysts Career Coach Training

This training is designed to assist managers, HR, mentors and career coaches assist others with their career decisions, maximising the future opportunities and career success of those they work with.

The Career Analyst career coach programme empowers coaches with a proven career coaching process that delivers enhanced career clarity, insight and awareness in coaches. It is designed to ensure that future career coaches have the practical skills and resources to deliver positive outcomes for their staff and others they support, assisting others to build their career and personal performance and create effective career management dialogues.

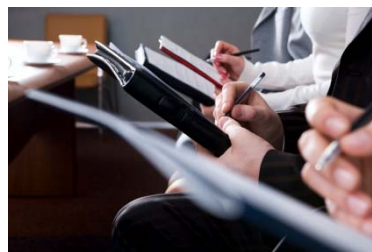

The purpose of this course is to equip you with the skills, confidence and ability to coach people to successfully achieve their career goals and fulfil their potential.

Your Talent Is Our Passion

Helping people fulfil their talent and potential is a key foundation principal behind all Career Analysts services.

Passion is a key component of helping people discover who they are, who they want to be and what makes them tick. We are passionate about helping people gain greater satisfaction and joy from their careers and lives. Our primary aim is to equip people like you that want to join us in our mission with the skills you need to do so.

We know you are passionate about helping people and we're looking forward to being part of your success.

About The Training

Our training provides you with a mix of theoretical and practical knowledge and hands on skills, which will enable you to work successfully and professionally with coaching clients in-house or in your own practice. This programme combines expert facilitation by experienced Career Analysts Coaches with a comprehensive manual and practice coaching sessions.
